## See you in Cali, Cauca Valley

This year, Cali, Colombia is the chosen venue. A vibrant city full of history, known as the world capital of salsa and a cultural epicenter in the country. Surrounded by mountains and bathed by crystal-clear rivers, Cali offers the perfect setting for a camp full of nature, music and traditions.

Santiago de Cali, founded on July 25, 1536 by Sebastián de Belalcázar, is one of the oldest cities in Colombia. Initially, the city was established north of the river, near Vijes and Riofrío, and was later relocated to its current position.

### Hey, look, see! Meet Comfandi Pance

The Comfandi Pance Country Center, located at kilometer 17 of the Cali - Jamundí highway, will be the camping area for JamCam 2025. This center has various attractions and recreational spaces.

It was also selected for its rich culture, adequate infrastructure and strategic location in Latin America.

The event will take place at the Centro Campestre Comfandi Pance, an ideal space to host young people from all over the continent.

Cali is known as the "Salsa Capital of the World," and this musical genre is an essential part of its cultural identity. The city offers a variety of tourist sites, including:

Colombia is a country known for its biodiversity and cultural richness, making it an ideal destination for an event of this magnitude. With landscapes ranging from jungles and mountains to paradisiacal beaches, it is home to warm and hospitable people who welcome visitors with open arms.

## Educational Proposal JamCam 2025 for peace

Imagine a space where diversity, adventure and peace come together to offer thousands of young people the opportunity to live the most transformative experience of their lives.

JamCam 2025 is the perfect opportunity for young people to explore, share and build fellowship with other Scouts from across the region, at an event that will place inclusion, sustainability and peace front and centre.

This JamCam 2025 will be much more than a camp. It will be a space of freedom where participants will be able to build their own itinerary of activities, designing a programme that fits their personal interests and challenges.

However, some key activities outside the park will be directly assigned to ensure a smooth and well-organised experience.

All this, ensuring an efficient rotation of 2000 participants in various activities, promoting both teamwork and individual growth.

## Topic part JamCam 2025 Americas United for Peace

JamCam 2025 - Americas United for Peace is a strong response to the call of UN Resolution A/RES/78/266, which proclaims 2025 as the International Year of Peace and Trust.

This event, which brings together thousands of young Scouts from all over the Americas, is consolidated as a platform for building a future based on cooperation, dialogue and intercultural respect, promoting the fundamental values of peace and mutual understanding.

Through activities that promote inclusion, sustainable development and peaceful conflict resolution, JamCam 2025 reinforces the commitment of new generations to become agents of change, in line with the ideals of the UN, promoting a legacy of trust and solidarity that will transcend borders.
